DESCRIPTION

Carlyle Compressor Company is announcing new cylinder head cooling fans, including both 208/230 volt and 460 volt options, for the 06D, 06E and 06CC compressors. These new versions are complete assemblies, ready to be mounted on a compressor therefore no longer requiring customers to assemble the cooling fan unit.

CYLINDER HEAD COOLING FANS AND PARTS:

Description	06D & 06CC (16 - 37 CFM)	06E & 06CC (50 - 99 CFM)
Head Cooling fan assembly - 208/230 V	06DA680070	06DA680072
Head Cooling fan assembly - 460 V	06DA680071	06DA680073
Head Cooling fan asy. less mounting - 208/230 V	06DA680074	06DA680074
Head Cooling fan asy. less mounting - 460 V	06DA680075	06DA680075
Mounting Kit	06DA680076	06DA680077
Replacement Motor - 208/230 V	06DA680079	06DA680079
Replacement Motor - 460 V	06DA680078	06DA680078
Replacement fan blade	06DA680080	06DA680080
